

Animal Adventures January 24, 2010

The Friends of the Goodnow Library will begin their 2010 "Sunday Afternoons at Goodnow" program series with an interactive program planned especially for multi-generational families.

Animal Adventures of Bolton, one of the oldest and largest family-operated professional animal educational facilities in New England, will bring a variety of animals to Goodnow. Animal Adventure's presentations provide an opportunity for members of the audience to experience an up-close, hands-on, introduction to species usually only seen at a distance. Some of the featured creatures may include an alligator, a python, a lizard, a hedgehog, a skunk, a chinchilla or a tarantula. The cast of animals may vary and depends on the mood and health of the animals at the time of the presentation.

The program is free, but advanced tickets are required for this program and will be available in the Children's Room of the Goodnow Library beginning January 11th. Tickets will be distributed on a first-come first-serve basis. Please get your tickets early to avoid disappointment. Due to program requirements, seating is limited and we can only seat those who have tickets.
